Subject: Comments on the JCM Proposed Methodology BD_PM002 -Installation of Solar PV System, Ver 01.0

Dear Sir/Madam

The comments are as follows:

Additional information on calculating the conservative emission factor of Bangladesh

1) In the page no.1, the reference given on the bottom of the page should have the weblink for the annual report

2) The weblink on the bottom of the page no. 2 is not is English language.

regards,

Vinay

Climate Change & Energy Expert
