By signing this declaration below, the focal point entity ensures the proposed JCM project will not result in double registration in other climate mitigation mechanisms, which then avoids double counting of GHG emission reductions by the project.

I hereby declare that the proposed JCM project is not registered under any other international climate mitigation mechanisms other than the JCM, therefore, the proposed JCM project will not result in double counting of GHG emission reductions. I also hereby declare that if the proposed JCM project is registered under the JCM, the same project will not be registered under other international climate mitigation mechanisms, and vice versa.
