JCM Sustainable Development Implementation Plan Form

A. Project description

A.1. Title of the JCM project

Energy Saving for Air-Conditioning at Shopping Mall with High Efficiency Centrifugal Chiller

A.2. Contact information

Name of the focal point entity (ies):	NTT FACILITIES, INC.
Name of authorized signatory	Mr. □ Ms.■
Last name: Nishii	First name: Reiko
Title: Deputy Senior Executive Manager	

B. Possible Contribution to Sustainable Development

B.1 Plan for possible contribution to SD

No.	Items	Questions	Yes/No	If answer is Yes, please describe the action plans.
1	EIA	EIA Does the proposed project require official/legal process of EIA?		The introduction of the chiller does not become a target of the EIA.
2	Pollution	Does the proposed project emit air pollutants?	No	
3		Does the proposed project discharge water pollutants or substances which influence BOD, COD or ph, etc.?	No	
4	Control (No need to	Does the proposed project generate waste?	Yes	Existing material like pipes to be recycled.
5	answer if EIA is	Does the proposed project increase noise and/or vibration from the current level?	Yes	Project chillers occurs more noise than existing chillers. We will install sound insulation on the wall in chiller room.
6	required)	Does the proposed project cause ground subsidence?	No	
7		Does the proposed project cause odor?	No	
8	Safety and health	Does the proposed project create dangerous condition for local communities as well as individuals involved in the project, during either its construction or its operation?	Yes	The project creates dangerous condition during unloading chillers because the chiller are unloaded at midnight. We prepare lifting equipment and temporary access with several safety tools, signs, and awareness socialized in the every morning toolbox meeting.
9	Natural Environment and biodiversity	Is the proposed project site located in protected areas designated by national laws or international treaties and conventions?	No	
10		Does the proposed project change land use of the community and protected habitats for endangered species designated by national laws or international treaties and conventions?	No	
11		Does the proposed project bring foreign species?	No	
12		Does the proposed project include construction activities considered to affect natural environment and biodiversity (e.g., noise, vibrations, turbid water, dust, exhaust gases, and wastes)?	No	
13		Does the proposed project use surface water, ground water and/or deep ground water?	No	
14	Economy	Does the proposed project have negative impact on local workforce capacity?	No	
15	5	Does the proposed project have negative impact on local	No	

		community's welfare?		
16	Does the proposed project cause any resettlement or other types of conflict?	No		
17	Social Environment and Community	Does the proposed project fail to involve activities to respond to, and follow up, comments and complaints that have been received from local communities, particularly from the public consultation?	No	
18	Participation	Do the project participants violate any laws and/or ordinances associated with the working conditions of local communities which the project participants should observe in the project?	No	
19		Does the proposed project fail to involve activities to build capacity of human resources through technology transfer and technical assistance?	No	
20	Technology	Does the proposed project fail to describe information of technology specification that consists of manual book and ways to overcome the problems that may occur when being operated on the site, at least in English and in Bahasa Indonesia as applicable?	No
